

## **Press Release:**

For Immediate Release

# **DSCI Launches Next Generation Simulation Products:**

(Eatontown, NJ) December 4, 2006 – D&S Consultants, Inc. (DSCI) today announced that it will launch its MIRAGE™ suite of next generation simulation products at I/ITSEC, 4 – 7 December, in Orlando, FL. The MIRAGE™ suite consists of seven (7) related packages to include: VISION™, IMAGINE™, PRIDE™, Map Toolkit™, Digital Radio™, ANALYSIM™, and DART™.

“This launch of the MIRAGE™ suite is the result of over two years of intense internal research and development coupled with focused productization. This marks the initial phase of a comprehensive launch schedule-of many unique products and is part of DSCI’s aggressive strategy transitioning technology from the laboratory to the market,” said DSCI’s Chief Executive Officer, Steven A. De Chiaro.

### **About I/ITSEC**

The **Interservice/Industry Training, Simulation and Education Conference (I/ITSEC)** promotes cooperation among the Armed Services, Industry, Academia and various Government agencies in pursuit of improved training and education programs, identification of common training issues and development of multiservice programs.
