For Immediate Release

DSCI Announces Key Addition to Management Team:

(Eatontown, NJ) January 5, 2007 – DSCI announced today that Mr. William Garofalo will lead its rapidly growing Information Operations Division (IOD). Mr. Garofalo has managed worldwide USAF, USN, and USA programs including the US Army's largest commercial communications projects since Viet Nam. His expertise encompasses management, engineering, development, integration, and installation. Mr. Garofalo was employed with DRS and TAMSCO prior to joining DSCI.

According to DSCI's CEO, Steven DeChiaro - "We are pleased to have such a high caliber, high quality individual join our ranks. DSCI is confident that Mr. Garofalo will exceed the expectations of the Information Operations Division."

DSCI's Information Operations Division specializes in world-wide engineering, program management, and logistics services:

Engineering Services

- Information Assurance
- Systems / Network Administration
- Equipment Integration and Installation
- Installation & Maintenance
- Teleport Services
